Chief Executive
Acting Chief Executive
Deputy Chief Executive
Auditor
Auditor (part-time)
Councilor
Auditing Director
Executive Director for Research Coordination
Executive Director for Geology
General Affairs Department
General Affairs Division
Welfare Division
Budget and Accounting Division
Planning and Research Administration Department
Planning and Management Division
Research Evaluation and International Section
Deputy Director of Planning and Research Administration Department
Facilities Management and Research Information Division
Tsukuba Central Research Institute
Construction Technology Research Department
Advanced Technology Research Team
Materials and Resources Research Group
Advanced Materials Research Team
Recycling Research Team
Concrete and Metallic Materials Research Team
Geology and Geotechnical Engineering Research Group
Geology Research Team
Soil Mechanics and Dynamics Research Team
Construction Technology Research Team
Water Environment Research Group
River Restoration Research Team
Water Quality Research Team
Aqua Restoration Research Center
Hydraulic Engineering Research Group
Dam and Appurtenant Structures Research Team
River and Dam Hydraulic Engineering Research Team
Erosion and Sediment Control Research Group
Volcano and Debris Flow Research Team
Landslide Research Team
Snow Avalanche and Landslide Research Center
Road Technology Research Group
Pavement Research Team
Tunnel Research Team
Civil Engineering Research Institute for Cold Region
(Executive Director for Research Coordination)
Planning Division
Deputy Director for Research Coordination
Administration Department
Administration Division
Accounting and Contract Division
Director for Cold-Region Technology Development Coordination
Cold-Region Technology Promotion Division
(Branch Office)
Machinery Technology Research Team
Cold-Region Construction Engineering Research Group
Structures Research Team
Materials Research Team
Geotechnical Research Team
Geological Hazards Research Team
Cold-Region Hydraulic and Aquatic Environment Engineering Research Group
River Engineering Research Team
Watershed Environmental Engineering Research Team
Port and Coast Research Team
Fisheries Engineering Research Team
Cold-Region Road Engineering Research Group
Traffic Engineering Research Team
Snow and Ice Research Team
Road Maintenance Research Team
Cold-Region Agricultural Development Research Group
Rural Resources Conservation Research Team
Irrigation and Drainage Facilities Research Team
Director for Special Research
International Centre for Water Hazard and Risk Management (ICHARM)
Water-related Hazard Research Group
Research Coordinator for International Water Disaster Risk Management
Center for Advanced Engineering Structural Assessment and Research (CAESAR)
Research Coordinator for Earthquake Engineering
Bridge and Structural Engineering Research Group
